Message from the Chairman

On behalf of the Board of Trustees, I am pleased to present the Annual Report of The New Brunswick Community College Foundation Inc., for the fiscal year ending March 31, 2015.

Our financial statements show that the Foundation's investments continue to have positive results, in line with the double objectives set by the members of the Board of Trustees: to protect the assets obtained from generous donors while awarding as many bursaries and scholarships as possible.

For the seventh consecutive year, new records were achieved in terms of the number of award recipients (572) and the value of the awards (\$544,325).

The Board wishes to thank in particular all of our donors. Without their generosity, we would not have been able to award as many bursaries and scholarships in order to alleviate the financial needs of students attending the New Brunswick Community College, the Collège communautaire du Nouveau-Brunswick, and the New Brunswick College of Craft and Design.

Congratulations to all of last year's award winners and best wishes for success in your studies and in your career!

Also, I would like to personally thank the Board members for their dedication and their commitment to the cause of improving access to college education here in our home province, New Brunswick.

Message du Président

Au nom du Conseil des fiduciaires, il me fait plaisir de vous présenter le rapport annuel de La Fondation du Collège communautaire du Nouveau-Brunswick Inc. pour l'exercice financier qui s'est terminé le 31 mars 2015.

Nos états financiers démontrent que les investissements de la Fondation continue à avoir des résultats positifs conformément au double objectif que les membres du Conseil des fiduciaires se sont fixés : protéger les avoirs obtenus grâce aux généreux donateurs et donatrices tout en attribuant le plus de bourses d'études possibles.

Pour la septième année consécutive, de nouveaux records ont été atteints en ce qui concerne le nombre de récipiendaires (572) et la valeur totale des bourses (544 325 \$).

Le Conseil remercie particulièrement les donateurs et les donatrices. Sans leur générosité, nous n'aurions pu offrir autant de bourses, de bourses d'études et de prix pour alléger les besoins financiers des étudiantes et étudiants du Collège communautaire du Nouveau-Brunswick, du New Brunswick Community College et du New Brunswick College of Craft and Design.

Félicitations aux lauréats des prix de la dernière année et bons succès dans vos études et votre carrière!

En terminant, je désire personnellement remercier les membres du Conseil des fiduciaires pour leur dévouement et leur engagement envers l'amélioration de l'accessibilité aux études collégiales ici même dans notre province du Nouveau-Brunswick.

Jim Jordan

Finances

In 2014-2015, the Foundation's invested capital grew to \$6.7 million (at March 31, 2015), thanks to new donations, matching funds from the New Brunswick Community College Opportunities Fund, and most especially due to the oversight of the investments by the Board of Trustees.

Remarkably, during the past year, the Foundation also distributed more cash awards based on financial need (over \$500,000) to more college students (572) than ever before. These numbers have enabled us, since inception in 2006, to provide direct cash assistance worth over \$2 million to 2,235 students.

This is an eloquent testimony to the generosity of New Brunswickers, and their support for our public colleges, and especially for their students.

In 2014-2015, the Foundation also assumed complete responsibility for the New Brunswick Public Colleges Entrance Scholarship, which is designed to present one \$1,000 award per high school in New Brunswick to students enrolling in one of the three Provincial public colleges. This year, \$69,000 was presented to 69 students.

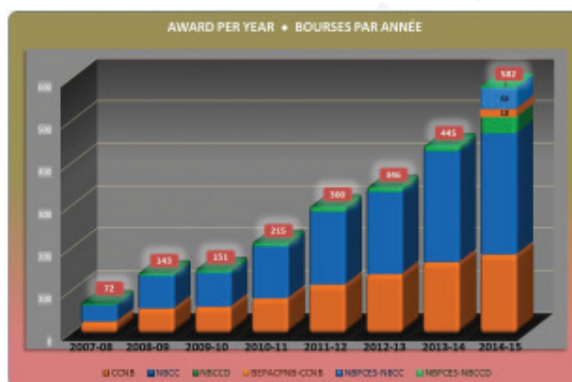

Together with the Foundation awards and with a few directed awards from outside sponsors, the combined total of all awards presented by the Foundation in 2014-2015 was 582. Going forward, this Report will include all awards combined.

We gratefully acknowledge the free office space donated by NBCC, as well as the free web hosting and graphic design services provided by CCNB. These services and accommodations help to ensure that we never have to take any percentage from donations in order to support the Foundation's administrative needs. We are thus able to confirm yet again that **100%** of donations targeted to bursaries or scholarships go to that purpose, and no other.

En 2014-2015, le capital investi de la Fondation augmentait à 6,7 M\$ (au 31 mars 2015). Ce nouveau sommet fut atteint grâce à de nouveaux dons, à des fonds en contrepartie de ces dons provenant du Fonds d'opportunité Collège communautaire du Nouveau-Brunswick et surtout à la saine gestion des investissements par le Conseil des fiduciaires.

Encore plus remarquable, cependant, fut la distribution par la Fondation de bourses basées sur le besoin financier à un plus grand nombre d'étudiants et d'étudiantes (572) et d'une valeur monétaire plus grande que jamais (plus de 500 000 \$). Ces chiffres ont permis à la Fondation de franchir deux caps importants : depuis son établissement en 2006, la Fondation aura remis plus de 2 M\$ à 2 235 étudiants et étudiantes.

Ces chiffres constituent un témoignage éloquent de la générosité des néo-brunswickois et des néo-brunswickoises, et de l'appui qu'accorde la population à ses collèges publics et à leurs étudiants.

En 2014-2015, la Fondation a aussi assumé la responsabilité entière des Bourses d'études de première année des collèges publics du Nouveau-Brunswick. Il s'agit d'une bourse de mille dollars présentée annuellement à un étudiant ou à une étudiante de chaque école secondaire en province, s'inscrivant à l'un des trois collèges publics. Cette année, 69 000 \$ en bourses ont été présentés à 69 étudiants et étudiantes.

Ces bourses se rajoutant à celles de la Fondation, ainsi qu'à quelques-unes venant de donateurs externes ont fait en sorte que le grand total des bourses présentées par la Fondation en 2014-2015 se chiffre à 582. Dorénavant, ce rapport annuel fera état du total des bourses combinées.

Nous apprécions le don gratuit d'espaces de bureaux par le NBCC, ainsi qu'aux services gratuits de graphisme et d'hébergement de notre site web par le CCNB. Ces services et cet abri font en sorte que nous n'avons pas à soutirer des dons pour défrayer les coûts administratifs de la Fondation. Nous pouvons alors confirmer encore une fois que **100 pourcent** des dons destinés aux bourses vont à ces fins et à nulle autre fin.
